

FAASTeam presents:

Effective Planning with ForeFlight

Join us in this presentation on "Effective Planning with ForeFlight" and discover how to optimize your flight planning process using one of the most advanced aviation apps available today. In this presentation, we will explore the multitude of features offered by ForeFlight, including the latest weather updates, flight planning tools, aircraft profiles, logbooks, and more. With ForeFlight, you will gain access to real-time data and powerful tools to plan your flights more efficiently, accurately, and safely. Whether you are a seasoned pilot or just starting out, this presentation will provide you with valuable insights into how to use ForeFlight to its fullest potential. Get ready to take your flight planning to the next level with ForeFlight!

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.

Directions: Sweet Aviation welcomes you to the primary terminal building at the Smith Field Airport (KSMD) for this live seminar presentation.
